People who do leave breaking distances, end up with people cutting hem up. So hey start tailgating.

**What road safety issues are the most important to address?**

The way people are taught to drive being inconsistent.

**What do you believe are the strengths of this draft Strategy?**

Parents should not be allowed to teach children to drive, everyone has different ways of teaching, ( there bad habits and ways of driving is passed on to children) which makes all drivers drive inconsistently on the roads throughout Australia.

The log book is an honesty system, which clearly shows is not always correct, and there are so many people driving dangerously on he roads

**Is there anything important that you think is missing from this draft Strategy?**

Make it mandatory all drivers should learn from a driving school, which has continuous training for instructors, so he teach consistently too.
