

Office of Road Safety: Update Three – August 2019

Joint Select Committee on Road Safety

The Federal Parliament established a [Joint Select Committee on Road Safety](#) on 1 August 2019. The Committee will provide an important forum to consider the importance of achieving zero deaths and serious injuries in remote and regional areas, the Safe System principles in health, education, industry and transport policy, and other issues. More information is available in the [Minister's media release](#).

Transport and Infrastructure Council Meeting

The Transport and Infrastructure Council met on Friday 2 August 2019, where road safety was one of the key issues discussed. The Office of Road Safety look forward to working with all of you to progress the decisions taken by Ministers on Friday. Outcomes of the meeting are available in the [Council Communiqué](#).

Please don't hesitate to contact the [Office of Road Safety](#) should you wish to discuss these or any other road safety related issues.
